**Using The Substantial Damage Estimator (SDE) 2.0 Tool**

**Lesson 5—Activity #1**

In this activity you will create two reports for the Charles Chipps property. One report will be a Summary Report created from the Reports section of the main menu. The other report will be a Detailed Report created from the Output Summary tab of the property records.

Using the information provided in the lesson, and based on your knowledge from past units, create the following reports and answer the questions below:

- Report #1: Summary Report created by clicking on the Summary Report icon on the SDE 2.0 main menu
- Report #2: Detailed Report created by clicking on the Print Detailed Report for this Structure button at the bottom of the Output Summary screen for the Charles Chipps property.

Using the Summary Report, answer the following questions:

What is the subdivision name on the report? \_\_\_\_\_

What is the NFIP Community ID on the report? \_\_\_\_\_

What is the year of construction on the report? \_\_\_\_\_

Using the Detailed Report, What information appears on page 2 of the report?
