

## Surveillance Detection Awareness: What You Can Do

---

### Surveillance Detection Actions

#### Understanding Surveillance

- Identify the targets of surveillance.
- Recognize the purpose of surveillance.
- Know what information is collected during surveillance.

#### Detecting Surveillance

- Look for unusual behavior or activities.
- Recognize TEDD (Time, Environment, Distance, and Demeanor) indicators of surveillance.
- Identify the signs of poor demeanor:
  - Running and hiding
  - Sudden reactions
  - Hand or other signals
  - Improper cover/character

#### Reporting Surveillance

- Determine (in advance) procedures for reporting incidents:
  - Within your organization.
  - To local law enforcement.
- Report suspicious activities using predetermined procedures and forms.
